

# EMERGENCY RESPONSE AND PREPAREDNESS PLAN (ERPP)

| Section                       | Checklist Item  | Status<br>(Yes/No/In Progress) | Photograph /Document | Remarks |
|-------------------------------|---|--------------------------------|----------------------|---------|
| <b>1. Project Overview</b>    | <ul style="list-style-type: none"> <li>• Project Name: Construction of 84 M span Steel Girder Motor Bridge over Kotigaad in KM 01 of Tikochi-Duchanu-Kiranu-Sirtoli Motor Road in Dist. Uttarkashi under EPC mode.</li> <li>• Location : Tikochi, Uttarkashi</li> <li>• Executing Agency: FPIU, PWD, Purola</li> <li>• Contractor Details: M/s Tons Builders</li> <li>• Duration of Construction: 18 Months</li> <li>• Brief Project Description (Type of bridge, span, associated structures): Steel Truss Bridge, 84 M Span, Reinforced Abutments, Deck Slab &amp; Approach Roads &amp; Retaining Walls, Plum Concrete, Wire Crates for Protection Work.</li> </ul> | In Progress                    | Photograph -1,2,3    |         |
| <b>2. Risk Identification</b> | Site-specific hazards identified (e.g., landslides, flash floods, seismic risk)   | Yes                            | Photograph-1         |         |
|                               | Hazard maps and access routes prepared /Map   | Yes                            |                      |         |
|                               | Vulnerable zones and settlements identified   | Yes                            |                      |         |

|   |   |     |                    |                              |
|---|---|-----|--------------------|------------------------------|
| <b>3. Emergency Resource Inventory</b>  | First Aid Kits are available and stocked                            | Yes | Photograph - 4     |                              |
|   | Fire extinguishers installed at key locations                       | Yes | Photograph -5      |                              |
|   | Stretchers and emergency lighting in place                          | Yes |                    |                              |
|   | PPE (helmets, gloves, jackets, boots) stock available               | Yes | Photograph -6      |                              |
|   | Fuel backup (for generators/vehicles) ensured                       | Yes | Photograph -7      |                              |
|   | Electricity backup (inverter/generator) available                   | Yes | Photograph -8,9    |                              |
|   | Emergency contact list displayed at the site                        | Yes | Photograph -10, 11 |                              |
| <b>4. Communication &amp; Reporting</b> | Emergency contact numbers posted and updated                        | Yes | Photograph -10, 11 |                              |
|   | Functional mobile/radio communication systems are available         | Yes |                    |                              |
|   | Incident reporting mechanism established                            | Yes |                    |                              |
| <b>5. Emergency Response Team (ERT)</b> | ERT members nominated and roles defined (e.g., OHS, site in-charge) | Yes | Photograph -12     | OHS Expert, Site Supervisors |
|   | ERT contact list maintained and shared                              | Yes |                    |                              |
|   | ERT is present during all work shifts                               | Yes |                    | Shift Wise Duty Maintained   |
| <b>6. Evacuation Plan</b>               | Assembly Point  | Yes | Photograph -13     |                              |
|   | Evacuation routes marked  | Yes | Photograph -14     |                              |

|  |  |     |                       |  |
|--|--|-----|-----------------------|--|
|  | Safe assembly points identified and marked                     | Yes | Photograph -15        |  |
|  | Evacuation drills conducted                                    | Yes | Photograph -16        |  |
| <b>7. Training &amp; Capacity Building</b> | Toolbox Talks (TBTs) on emergency response were conducted      | Yes | Photograph -17        |  |
|  | Mock drills for landslide/fire/medical emergencies held        | Yes | Photograph -16        |  |
|  | Attendance and training records are maintained                 | Yes | Photograph - 18,19,20 |  |
| <b>8. Coordination with Authorities</b>    | Local emergency services (DDMO, police, hospitals) coordinated | Yes |                       |  |
|  | Contact info of the nearest PHC/hospital available             | Yes | Photograph -10        |  |
| <b>9. Monitoring &amp; Review</b>          | ERPP is reviewed half-yearly and updated as needed             | Yes |                       |  |
|  | Previous incidents reviewed and learnings incorporated         | Yes |                       |  |
|  | MPR includes the ERPP compliance section                       | Yes |                       |  |

### Weekly Toolbox Talk (TBT) Register Form.

Date: MAY, 2025

Time: 8:00 AM

Location (Sub-project site Area): TIKACHI (84 METER MOTOR BRIDGE)

Delivered By (Name of OHS Expert): AMAN

| Day       | Key points discussed                          | Weekly summary |
|-----------|---|----------------|
| Monday    | How to be Safe during Monsoon?                |                |
| Tuesday   | How to take care of machinery during Monsoon? |                |
| Wednesday | Maintain cleanliness in construction site.    |                |
| Thursday  | How to use electric wire.                     |                |
| Friday    | Proper use of safety shoes and helmets.       |                |
| Saturday  | Personal Safety during construction work.     |                |

### List of Participants:

| Sl. No. | Name of Participants | Signature  | Remarks |
|---------|----------------------|--|---------|
| 1.      | Aman                 |   |         |
| 2.      | Mukaram              |   |         |
| 3.      | Mabani               |   |         |
| 4.      | Ramash               |   |         |
| 5.      | Suresh               |   |         |
| 6.      | Sonu                 |   |         |
| 7.      | Arjun                |   |         |
| 8.      | Firoz                |   |         |
| 9.      | Salman               |   |         |
| 10.     | Salim                |   |         |
| 11.     | Farman               |   |         |
| 12.     | Mustafa              |   |         |
| 13.     | Nadeem               |   |         |
| 14.     | Mahfooz              |   |         |
| 15.     | Kadir                |  |         |

Note: To ensure workers' safety, toolbox talks are conducted every morning before site activities begin.
