Proposed Stakeholder/Citizen Engagement Plan

1. Objective: The overall objective of this SEP is to define a program for stakeholder engagement, including public information disclosure and consultation throughout the entire project cycle. The SEP outlines the ways in which the project team will communicate with stakeholders and includes a mechanism by which people can raise concerns, provide feedback, or make complaints about project activities or any activities related to the project.

2. Project Stakeholders:

Local Residents	People living near the bridge site who may be directly affected by the project.
Gram Panchayat / Local Body	Local governance responsible for land approvals and community consent.
Contractors and Laborers	Workers involved in bridge construction activities.
Government Departments	Agencies like PWD, Irrigation, Environment, and Forest involved in permissions.
Schools & Children .	Nearby schools and students affected by road closures or safety concerns
Shopkeepers / Traders .	Businesses near the site whose customer access may be impacted
